The Department of Sociology (founded in 1964) is one of the longest established and distinguished in the UK and has played an important role in the development of the discipline internationally. Our research is recognised as amongst the most innovative and influential in the world.

We are a collegiate department with a vibrant, research-intensive group of staff. The Department has undergone a significant period of development and appointed a number of new staff in recent years. It includes 10 Professors, 2 Readers, 8 Senior lecturers, 9 lecturers, 3 full-time Associate Lecturers, and 8 Administrative staff as well as Research Fellows, Postdocs, emeritus colleagues and visiting scholars. Recent appointments have seen us expand our expertise in areas such as culture, urban sociology, criminology, ethnicity, migration, gender, sexuality, human rights, health, science and technology, and religion. It has also enabled us to develop our already strong international profile and research undertaken beyond the UK.

The Department is led by a Management Team which consists of: the Head of Department, Deputy Head of Department, Department Manager, Director of Research, Director of REF, Research Facilitator, Chair of the Board of Studies, Director of Teaching, Employability Coordinator, and the Director of the Department of Women’s Studies (CWS).

Research

Our strategic vision is to produce research that is internationally world leading. Our work aims to be theoretically innovative, empirically grounded, critically engaged and policy relevant. This is enabled by our proactive Director of Research and Research Facilitator, who are supported by the Department Research Committee and impact sub-committee.

Research in the Department is consolidated into four core clusters which engage in empirical and theoretical work: Culture, values and practices; Language and social interaction; Gender, sexuality and inequality; and Science, health and technology. Several members of staff work across as well as within these clusters, each of which supports the work of colleagues through activities such as regular reading groups and research development meetings.

The Department is also committed to interdisciplinary work and currently we have a number of links (both in teaching and research) with Departments such as Biology, Computer Science, English, Environment, Health Sciences and the Medical School (HYMS), History, Language and Linguistic Science, Law, Management, Theatre, Film & Television, Politics, and Social Policy and Social Work.

The Department also houses or has a substantial involvement in several research centres which intersect with the research clusters:

- Centre for Women’s Studies (CWS)
- Centre for Urban Research (CURB)
- Science and Technology Studies Unit (SATSU)
- European Centre for Cultural Exploration (ECCE)
- Centre for Advanced Studies in Language and Communication (CASLC) housed in the Department of Linguistic Science

Teaching Programmes

Although the Department is research intensive, we take teaching very seriously and are committed to providing a

The Department is part of the White Rose ESRC Doctoral Training Partnership, collaboration between the Universities of Leeds, Sheffield and York. The Research Centre for the Social Sciences (ReCSS) at York is also a focal point for postgraduate activity.

The Department is housed in Wentworth College, which is adjacent to the main University lake and served by a restaurant.

THE UNIVERSITY

Founded on principles of excellence, equality and opportunity for all, the University of York opened in 1963 with just 230 students. In 2017 it is the home of more than 17,000 students across more than 30 academic departments and research centres. Since opening over fifty years ago, we have become one of the world’s leading universities and a member of the prestigious Russell Group.

We are consistently recognised as one of the leading Higher Education Institutes and one of just six post-war universities which appear in the world top 100 (2013-14) and 15th in the Times & Sunday Times league table (2016). The University of York has won six Times Higher Education (THE) Awards and five Queen’s Anniversary Prizes.

The University is proud of its association with Athena SWAN, holding 12 awards in support of gender equality, representation and success for all, with gold awards for Chemistry and Biology and a University-wide bronze award.

Of 154 universities that took part in the Research Excellence Framework (REF) in 2014, The University of York ranked 14th overall and 10th for the impact of our research. The University is consistently in the top ten UK research universities and attracts over £60m a year of funding from research alone.

Our vision is to make the University of York a world leader in the creation of knowledge through fundamental and applied research, the sharing of knowledge by teaching students from varied backgrounds and the application of knowledge for the health, prosperity and well-being of people and society.
Attractive workplace

Centred around the picturesque village of Heslington on the edge of the city of York, our colleges are set in an attractive landscaped campus. York enjoys a safe, friendly atmosphere with facilities including bars, shops, theatres and concert halls all within easy walking distance.

The University has undergone an unprecedented period of expansion and renewal since 2000. We have invested in twenty new buildings on the original campus and have completed the first and second phases of a £750m campus expansion. Our investment in new colleges, teaching and learning spaces, laboratories, research facilities and a new sports village mean there has never been a better time to join us.

During this period of change we've worked hard to retain our friendly, informal and collegiate atmosphere, which is important to our core values of inclusivity and interdisciplinarity.

We have a thriving international community and are committed to providing staff moving to York with as much support as possible through our Relocation Package and Welcome Officers.

The University aims to offer a nurturing and supportive environment as an employer. Flexible working hours, nursery facilities, childcare vouchers, cycle to work scheme, generous holidays and an attractive pension scheme all make the University of York one of the region’s leading employers.
