# University Lawyer (IP/Corporate)

**Department:** Legal Services  

**Hours of work:** Part time | 18.5 hours per week | 0.5 FTE  
(flexible and hybrid working options available)  

**Contract type:** Open  

**Salary:** Grade 8 | £53,353 - £61,823 per year (reduced pro rata for part-time working)
**Introduction**

The University of York was founded on principles of equality, diversity and inclusion. Our new strategic vision sets out our role as a University for public good, building upon our founders who endowed the University with a strong social purpose.

Legal Services supports the University to effectively identify and manage legal risk, working collaboratively with both professional services and academic departments to provide pragmatic advice to colleagues and to embed legal compliance into day-to-day business practices. Legal Services has three key areas of activity: Legal, Information Governance and Insurance and is recruiting to develop a new Legal team within Legal Services.

This new Legal team will provide legal advice across a range of operational issues, manage the work of our external law firms and oversee the University’s legal spend. The team will provide input across a diverse range of matters, including strategic partnerships, international collaborations, dispute management and regulatory compliance, commercialisation, as well as delivering training and guidance materials to staff.

**Main purpose of the role**

We are looking to recruit the University’s first specialist corporate/IP Lawyer to the new Legal team who will enjoy a variety of legal work arising from the University’s Commercialisation Team in the Research, Innovation & Knowledge Exchange Directorate (RIKE) focussing on the commercial exploitation of Intellectual Property (IP) owned by the University. You will work closely with the Head of Commercialisation, the Commercialisation Team and other senior professionals.

The role-holder must be able to work independently advising on and drafting complex documentation for the commercial exploitation of the University’s IP and be willing to challenge ideas and communicate adeptly. You will have developed effective relationships with senior management and be able to understand the business objectives of the University.

This is a senior role and where necessary you will be expected to stand in for the Head of Legal Services in relation to IP and Research, Innovation & Knowledge Exchange projects and to work independently on these matters.
Key responsibilities

You will be required to undertake the duties below:

1. **Role Specific Responsibilities**

- Lead and advise on all legal aspects of commercialising the University’s IP including the drafting of all legal documents
- Ensure that legal support and tasks are completed to timescales and the high standards expected by the Research, Innovation & Knowledge Exchange, and are implemented effectively.
- Provide clear, pragmatic and solution orientated legal support including interpretation of and contribution to the development of the University’s IP policy.
- Review and draft legal agreements for a range of projects at varying stages of the commercialisation process and according to the specific nature of the opportunity, which may include the following:
  - Joint invention and exploitation agreements with third parties
  - Agreements related to creation of spin-out companies such as, but not limited to, shareholders/investment agreements, articles of association, resources agreements and IP licence agreements.
  - Agreements related to existing spin-out companies such as, but not limited to, written resolutions, share transfer documents, shareholders/investment agreements or documentation for winding-up of companies.
  - Commercial IP Licence Agreements and Head of Terms
  - Non-disclosure/confidentiality agreements
  - Material Transfer agreements
  - Memorandums of Understanding
  - Option Agreements
- Provide expert professional legal expertise and problem-solving skills, sharing knowledge with the RIKE and Legal teams
- Act as a senior specialist point of contact for dealing with complex legal corporate and IP issues and information sources, providing interpretation and analysis.
- Liaise and build excellent relationships with key staff, external providers and collaborators to ensure that detailed legal requirements are understood in the design and implementation of University works or projects and policy.
- Contribute to the development of University policies, regulations and procedures where relevant.
- Support the management of legal risk across the University
- Support and develop less experienced members of the Legal team (where applicable)
- Lead on specific commercialisation and IP projects and work with Head of Legal Services to identify areas for improvement in know-how, expertise, capacity and delivery of service.
- Present legal advice at meetings, deliver training and attend conferences, and lead discussions on existing legal requirements and changes in the law for clients and the Legal Services team.
- Actively demonstrates a commitment to professional development by continuing to advance knowledge, understanding and competencies.
2. University of York Responsibilities for Grade 8

Service and Operational Delivery

- Through effective leadership, establish a clear vision and set of goals for the service delivery team.
- Ensure that appropriate management systems are in place to support the team and enable them to effectively deliver current and future service requirements.
- Lead delivery of a substantive and/or complex range of services.
- Engage with key stakeholders to influence opinion, delivery and reputation of services.
- Monitor, evaluate and provide feedback on the performance of the operational area and take necessary action to improve the service, including identifying training needs for the team.
- Horizon scan to identify opportunities to improve the efficiency of service operation.
- Provide support and encouragement for members of the team through effective leadership; demonstrate compassion and give advice on commonly occurring wellbeing issues.

Continuous Improvement

- Lead on the design, implementation and monitoring of policy and quality standards, procedures and systems ensuring effective working and continuous improvement.
- Engage in external networks or partnerships to identify and influence potential opportunities for service or operational delivery improvements.
- Apply leadership and expertise to identify, understand and resolve significant, longer term or complex problems.
- Lead continuous development of self and team to ensure ongoing and future breadth and strength of capability and knowledge, organising bespoke training or development opportunities for the team.

Specialist Contribution

- Act as a recognised practitioner within own specialist area or discipline, shaping activities, processes and systems.
- Design and deliver training sessions in relation to own subject area to the broader team and/or the University.
- Provide expertise to maintain and/or develop the systems and processes to support compliance with legislation, statutory duties and to facilitate the delivery of effective services.
- Provide expert professional subject knowledge and problem-solving skills, sharing knowledge with the team or wider University population as needed.
- Apply technical expertise/analysis to high-level problem resolution, provide technical judgement to guide decision making.
- Act as a specialist point of contact for dealing with complex data and information sources, providing interpretation and analysis.

Collaboration and Communication

- Lead internal meetings, working groups and sub-committees at an operational service level to influence governance, organisational policy and standards for the service.
- Develop long term relationships with senior stakeholders to ensure effective and valued outcomes.
- Develop and encourage mutually beneficial internal/external working relationships.
- Identify and develop opportunities for communities of practice and knowledge sharing.
Governance and Oversight

- Promote and develop a deep understanding of organisational policy and regulations.
- Manage quality and regulatory audit process.
- Provide advice to stakeholders regarding compliance and regulations where there is significant complexity and/or appropriate assessment of risk required.
- Horizon scan to understand emerging legislation and regulation and propose the University’s response to these changes.
- Accountable for ensuring procedures and policy meet all required legislative or regulatory standards.
- Ensure a safe and secure work environment; take responsibility for health and safety considerations through the completion and implementation of risk assessments.

Planning and Organisation

- Responsible for the operational and strategic planning for their area that is likely to involve coordination and integration with broader directorate planning.
- Significant input to long term strategic planning.
- Lead project scoping, initiation, planning and implementation for large scale/University wide initiatives.

The above list of duties is not exhaustive and is subject to change. The post holder may be required to undertake others duties within the scope and grading of the post.
